Sabrina

Sabrina. Beauty at work.

Sabrina embodies Okamura's philosophy of design, in which beauty and comfort work together to create lasting trust and confidence. The iconic flexible ring structure creates a striking and streamlined visual. The chair supports your posture, flexing to follow every movement. Lean back, stretch, reach — Sabrina accommodates every movement in a way that feels natural. So you can work effortlessly.

Awards & Certification

Standard

Setting the standard for comfort. Sabrina Standard's Synchro reclining mechanism moves in sync with you - when you move in the chair, the backrest and seat move backwards or forwards accordingly - supporting to your body at all times.

The Iconic Sabrina Ring Structure

Superlative technology, in a shapely appearance. The inner frame embraces you as you sit, while the outer frames fan out, allowing for your body to bend effortlessly to the left and right. As you move, air flows through the strong, flexible mesh, adding a sense of lightness and comfort.

Designed by ITALDESIGN

Sabrina is another award-winning collaboration between Okamura and ITALDESIGN. The curved, organic form applies ergonomics to technology, to create harmony between the human body and the working environment.

The Industrial Design Division of ITALDESIGN, headquartered in Moncalieri, Torino – Italy, was established in 1981 and today is one of the most renowned and leading organizations in the industrial design field on a worldwide level.

FUNCTIONS

Reclining Tension Adjustment

A dial under the seat adjusts the reclining tension.

Seat Height Adjustment

A lever under the seat adjusts seat height in the range of 400 mm-530mm.

Reclining Lock and Tilt Adjustment

A dial under the seat locks and unlocks the reclining function and allows you to enter forward-tilt position that comes in useful when working at computers or writing.

Synchro Reclining

The chair's backrest and seat can be synchronously reclined at maximum angles of 23 degrees backward and 10 degrees forward.

Adjustable Arms

Arms can be adjusted in three dimensions: height, depth, and angle — enabling the most comfortable elbow support for a variety of tasks.

Seat Depth Adjustment

A lever under the seat adjusts seat depth within a range of 50mm.

Multiple Density Cushion

The cushion utilizes three types of urethane foam, of varying firmness layered together, to promote healthy sitting. Softer support is at the front of the seat, reducing pressure on the thighs for improved circulation; denser cushioning at the back firmly supports the hips for stability and improved posture.

Sustainability

Okamura uses environmentally friendly materials and modular designed parts. Major resin parts are labeled for easier recycling and disposal.

LEVEL®, BIFMA's sustainability certification program for furniture, is a comprehensive and transparent third-party certification program. The LEVEL mark attests that the product, the manufacturing facility, and the company responsible for the product brand, have been evaluated against the multi-attribute criteria of the ANSI/BIFMA e3 Furniture Sustainability Standard.

Indoor Advantage Gold certification assures that furniture products support a healthy indoor environment by meeting strict chemical emission limits for volatile organic compounds (VOCs).
